MISSIONARIES TO ASHLAND, MO

And we know that all things work together for good for those who love God, to them who are called according to his purpose.

Romans 8:28. Sometimes it is imperative that we remind ourselves of this verse. It's also a reminder that God's ways are not always ours and that He sees the whole picture from eternity to eternity. At the end of January, Tawnya fell on the ice and broke her elbow rupturing the ligaments in her forearm. Surgery went well with an anchor being placed in the elbow and sutures to repair the shredded ligaments, but healing is slow. Please keep praying for full use of her right, dominant arm.

Heartland Baptist have been having wonderful spirit filled services as God is working amongst the hearts of those in attendance. We have

had two individuals to come and unite with us. Ms. Betty Moss had been attendance quite regularly and her attendance has been an encouragement. Ms Betty has medical issues which prohibit her from coming every week, we are thankful for her testimony of

Salvation and ask that you

pray for her health. We have also had a family of three attending services with us for about 8 months and Ms. Marsha Shaffer came forward three weeks ago and ask to unite with us. We are so thankful for those that the Lord has lead our way over the past few months. We have also seen several returning faces that we havant seen in a few years. It has just been exciting and a breath of fresh air to see those chairs being filled by new and old faces alike.

Heartland is currently tackling some remodeling projects and we desire your prayers. This past week has consisted of paint, a lot of paint. Our sanctuary was

partially remodeled a few years ago and the rest of the building was sort of put on the back burner. It is time to move forward. In preparation for Bro Randy Tayler's arrival on the 14th of April, we are began a few pre-work projects. Bro Randy will help us lay carpet squares throughout the building. The carpet currently in the entire building is pieced together with different colors and pieces. Our church building was once the Southern Boone Public Library. When they re-carpeted the building way back when, they simply did so around the huge existing bookshelves. So that leaves us all these years later with patchwork carpet. We are excited about updating. We have completed the paint job so that our new carpet is ready to be installed. We are also replacing our front door at the entrance. It has never really met the fire code standards. This one will open to the outside and have a panic bar and meet all codes. Bro Randy will also be helping us with some needed exterior work. These project are a little costly but needed. We are estimating about an \$8,000 cost for these these projects. We know the Lord will provide all of our needs according to His riches in glory. We are so thankful for Bro Randy and Ms. Debbie. Year after year God uses them to be a blessing to us. We love them so much.

The year is about to really take off for the Amburgey's. However, we are always available for any questions that you may have. Please reach out to us at any time. We are so thankful for your prayers and support. God uses you time after time to allow us to share Jesus with others.
