

The Amburgey's

Missionaries to Ashland, MO

Every spring as I begin to see things blooming around the house, I think about the scripture in Revelation 21:5. "And He that sat upon the throne said, Behold I make all things new. And He said unto me, Write: for these words are true and faithful." While I do understand the context, I also can see it in reference to the renewal of creation, the

erasing of our sin, sorrow and death when we accept His gift of salvation. I do also look forward to the promises of a new heaven and earth where all things are transformed into the likeness of Christ.

At the end of December, Heartland Baptist received a new member on the promise of a letter from Northwood Baptist Church. Sister Sally Briggs was welcomed with open arms. She is a blessing to our congregation.

In our last letter we asked for specific prayers for Tawnya's family. On March 4, we received a call that Wynona, Tawnya's sister, had taken a turn for the worse. We quickly made a trip to KY to be with family. Tawnya stayed and I continued to make the 9 hour drive back and forth as needed. On March 17, after almost two weeks of hospice care, Wynona, 50 years old, met her Savior face to face. Wynona had suffered for so long with Mitochondria Ataxia. We praise God for His promises. She is now healed and walking again and talking and singing. This is what she enjoyed most. Even in ICU just before being put on life support, she woke up in the middle of the night and sang "How Great Thou Art" to the top of her lungs. One of the last things she vocalized was praise for her savior! We prayed God would rescue her, and He did! Who are we to argue with His plan. Continue to pray for our family as there are still many health issues that we are trusting the Lord with.

Before our winter departed, so did our furnace. The furnace on the auditorium side went out and brought about an expense of \$5,400. That expense was met by the individuals within Heartland Baptist. We are so thankful for their willingness to give and meet this need.

Please continue to pray for our mission efforts here in Ashland, Missouri.
