Hello, Everyone!

Thank you so much for your continued prayers and support! We returned to Romania in mid July, after our health checks and ABA meetings. We extended our time in the States a couple of weeks to take care of additional health check ups. During this time we were so saddened by the sudden death of our Brother in-law, Gary Cox. Gary has always been greatly loved by all of our family! He and his wife Sherri have been such a blessing to us and our ministry for so many years. We were glad that we were able to be there to attend Gary's funeral service. Please keep his family in your prayers!

Feldioara

I am so thankful for those who led in the services at Feldioara in our absence! Brother Florin and Brother Dani, who are both members of the church, have been a blessing to the church as they have taught and led while we were in the states. We are happy to announce that we have begun our renovation on one of our classroom areas of our building. We have removed all the old plaster that was on the walls and ceiling. Also we have removed the entire floor which had rotted due to being very old. We have poured a new concrete floor. Brother Randy Taylor and wife, Debbie along with three men from their church, Clear Springs BC in Russell Springs Kentucky, will be coming in September to help with the remainder of this renovation project.

Zarnesti

We are so glad to be back and have our services in person, since our return. I'm thankful that we were able to have online services while we were in the States, but it is not like being physically together to worship! We have had great services this month! Brother Marian Moisevici and his family along with the guys from Real Hope have been a blessing as they have come and worshipped with us. Brother Marian and I have alternated preaching. Continue to pray for this work! We are excited about what God is doing here!

Bible Institute

We are excited to announce that very soon we will be starting our Romanian Bible Institute classes! We now have several who want to come and attend. We want to thank the Trustees of the Cumberland Baptist Institute in Somerset Kentucky for voting to allow us to be a Satellite Bible Institute here in Romania. I was privileged to be an instructor at Cumberland Baptist Institute for several years while I was the Pastor at Langdon Street Baptist Church in Somerset. Cumberland Baptist Institute has been a tremendous blessing to the churches in Kentucky. Please pray that this Romanian Institute will grow to be a great blessing to God's work here in Romania!

Sister Kim and I are so grateful for your love and encouragement as we work in Romania! Your prayers and financial support enables us to continue! Pray for people to be saved, baptized and churches to be established! Many blessings upon you all!

Jerry & Kim Chandler
